Of what use would three Republican Assemblymen from Ormsby be in the Legislature this winter with all the rest Silver men? It would be time wasted sending them there.

The people of Silver City on Thursday evening sat nearly four hours and listened to nine speakers. People who can stand nine speakers in one evening can be depended on as solid for the whole ticket.

It was reported on the street last evening that Owen Pierce, late an employe of the Mint, had committed suicide at the Cliff House, San Francisco, by shooting himself in the head. If true his many friends will be sorry to hear of it. Mr. Pierce had many friends in the southern part of the State.

The battle is on hot between advocates of the clydesdale and Percheron horses. Why does not some breeder make a special cross between the two and keep it up for about four equine generations and see what the result will be? It is said we are to have a special American carriage horse. Why not an American draft horse too?

## SILVER IN ESMERALDA.

Large Meetings at Hawthorne and Yerington.

The Silver party candidates, consisting of Mr. Newlands, Mr. Westerfield, Mr. Cutting and the Comstock Glee Club, were met at Hawthorne upon the arrival of the train by a delegation of leading citizens. Anvils were fired and the air resounded with cheers. In the evening bonfires blazed and at the hour appointed for the meeting the court-house was filled to overflowing with people. Mr. Gerrard acted as Chairman, and with a few appropriate remarks introduced our Congressman, Mr. Newlands, who was welcomed with rousing cheers. He spoke for over an hour and his argument, which was logical and convincing, was frequently interrupted by applause.

Mr. Newlands was followed by W. J. Westerfield and H. C. Cutting in turn, both of whom spoke on State affairs, Mr. Cutting confining himself principally to school matters.

At the close of the meeting three rousing cheers were given for the Silver ticket and free coinage.

At Yerington the speakers met with an ovation. Bonfires blazed in the streets and anvils boomed. The hall was too small for the audience, not less than 700 people from the town and surrounding valleys being in attendance. The bands played patriotic airs and the greatest enthusiasm prevailed. Henry Wood presided and delivered a splendid address of welcome. He introduced Hon. F. G. Newlands, our present and next Congressman to the audience, and he delivered a forcible speech, which was enthusiastically received. Mr. Newlands was followed by Regent C. E. Mack, R. M. Beatty, H. C. Cutting, W. J. Westerfield and A. C. Pratt, and for over three hours the audience listened attentively, only interrupting the speakers with applause. There was music by the band, singing by the glee club, and after the meeting a grand dance in which all participated.

Esmeralda will be heard from on silver on the 6th of November and can be safely set down for a handsome majority in favor of remonetization.

## Alkali Soils.

The name "alkali soils" is usually applied almost indiscriminately to all soils containing an unusual amount of soluble mineral salts, whose presence is frequently made apparent by the "effervescence" or appearance on the surface of a white powder or crust soluble in water. This "alkali" becomes more apparent in dry weather following upon rains or irrigation. Later in the season it may become imperceptible from intermixture with the dust. The first rain or irrigation dissolves the encrustation and carries it partly into the drains, thence away, but mostly back into the soil, whence it rises again at the recurrence of dry weather.

The best known remedy for alkali is gypsum. There is a mine of it near the Mound House, but it is being put to no use.

## The Case of Kersey.

The APPEAL will find that it has an arduous and impossible task when it attempts to down John Kersey.—News.

The News will find after election that the downing of John D. Kersey will result from the spontaneous rising of the people of Ormsby. He has had office here uninterruptedly for ten years, and it begins to look as if it is time to step down and out.

The old Republican ring and the wealthy corporations who like low taxation are the only ones in the county who are for him.
